

Hyatt Signature Wine Series - Canvas by Michael Mondavi

- White Wine: Pinot Grigio, Veneto Italy (creamy aromas of lavender and hints of cinnamon, nutmeg and lemon cream)
- Red Wine: Pinot Noir, California (aromas of vivid red fruit with hints of spice that complement the lithe texture)

What's the cost for table wine?

Wine is \$50.24 per bottle which includes service charge and tax.

How do you order the wine?

You can purchase bottles of wine at the same time you purchase your tickets to the Ball.

How do you receive your wine?

Once you make your reservation for the Presidents' Ball, you will be assigned a table and your server will be notified as to your table number and will present the wine that you have ordered.

With your tickets for the Presidents Ball, you will receive a card with your wine order on it. You must bring the wine order card to show your server at your table. The wine will be served with dinner.

What if you don't order enough wine for your guests?

Additional bottles of wine may be purchased on the evening of the Presidents' Ball. At that time, if you would like more bottles of wine, you may purchase them at the bar with your credit card. However, there is no guarantee that the same wines that have been selected will be available. And it could be a wine at a different price. The service charge and tax will be added to the price of the bottle of wine at the time of purchase at the bar.

Please note

The Hyatt Regency Columbus prohibits guests bringing alcohol from an outside source and this will be strictly enforced.
